THE LEGISLATURE

by Chick Evans

As the 96th closed its fifth week of deliberations a plan was set in motion to speed up the law-making function. The Senate will be asked to approve a House plan to hold committee hearings both mornings and afternoons on Wednesday. The two houses would meet at 1:00 p. m. on Wednesday instead of 10 a. m. Up to now the convening hour has been 10 a. m. on Tuesdays and Wednesdays, and 1:00 p. m. Thursdays.

The final date for introduction of private and special bills is Thursday (Feb. 7). The deadline for public measures will be Feb. 14. After those closure dates, bills and resolutions can be introduced only by unanimous consent in both branches.

General Fund Money For Highway Purposes

Use of revenue from an increase in the state sales tax to make up part of the deficit in highway funds, proposed by the Maine Municipal Association, would be authorized in a measure which Senator Norman K. Ferguson says he will introduce. The appropriation from the general fund for this purpose would amount of \$2,700,000 a year.

The Ferguson bill would approximately provide the money needed to match federal funds available for the interstate highway in Maine in the coming two fiscal years. Federal money totals about \$44,000,000, with the federal government paying 90 per cent of the cost of interstate roads.

Gov. Muskie had considered diverting general fund revenue to highways, but abandoned that course because, he said, the money was needed for general fund agencies. His alternative was that the highway deficit, \$8,000,000 to \$12,000,000 a year, be made up with a bond issue.

Sen. Ferguson said he agreed with the idea of a one per cent increase in the sales tax, but recommended "holding the line" on exemptions.

Maine's Democratic Governor made his legislative news this past week. He told the Citizens Committee on State Government that he needed more help, he agreed that weekly bi-partisan and informal meetings would expedite the work of the 96th Legislature, and he grumbled to the Executive Council about the size of the light bill.

Speaking to the Citizens group, he pleaded for more staff services and more space, pointing out that his successor would benefit more than himself. On the motion of Senate President Robert N. Haskell, Bangor, the committee voted unanimously to ask the Legislature for an extra \$80,000 a year to hire additional executive assistants and for assignment of space doubling that at present. The Governor outlined his responsibilities, placing major emphasis on supervision of 29 major departments and some 80 minor agencies, policy making and planning, appointments, action as chief of state, informal hearings on appeals from decisions of state departments, and action as a legislator.

The proposal for an extra \$80,000 would roughly double the amount now available for the governor's staff.

In the matter of bi-partisan legislative discussions, the governor said he had conferred with leaders of the two parties in both branches of the Legislature and all agreed it would be a good idea. The meetings were scheduled to start at the Maine House on Monday. "I think we might be able to

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Once more we are privileged to assume part of the fight against heart diseases during the month of February. Even when we realize that this disease is the cause of over half our deaths, it is comforting to know that many people are now able to live nearly normal lives who have had some symptoms of trouble. Do we realize that quite a portion of our donations are being used for research and education for those who have been afflicted?

Mrs. Roy Moore has charge of the house to house donations. Bethel Savings Bank friends have kindly consented to receive the money during the drive. Richard Bryant, business district, James Hutchins, mills and wood working plants, Mr. Ireland and Mr. Christie, schools.

Best wishes to these workers and let's hope we have a creditable showing for Bethel as in the past.

Thanks,
O. T. Rozelle

BOY SCOUTS OBSERVE ANNIVERSARY WEEK

National Boy Scout Week is being observed by Cub Scout Pack 468. The Cubs will wear their uniforms all the week. Friday evening, the annual Blue and Gold Banquet for Cubs and parents will be held at the West Parish Congregational Church dining room. This affair will be under the supervision of Den Mothers and members of the Women's Fellowship of the church, the sponsoring organization. This banquet which is also a regular pack meeting will be in celebration of the 40th anniversary of the Boy Scouts of America. On February 10 the Cubs will attend the morning worship service at the Methodist Church.

The nation's 4,500,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders will mark the 47th anniversary of their organization during Boy Scout Week, February 6 to 12.

The observance has as its theme, "Onward for God and My Country" with a special emphasis on "Duty to Country."

Sunday, February 10, is Boy Scout Sunday. Scouts and leaders will attend religious services in uniform in countless churches of all denominations. Those of Jewish faith will hold their observance in synagogues and temples on Friday evening, February 8, and Saturday, February 9. Many sermons, addressed to Scouts, will touch on some aspect of the Boy Scout Week theme.

In hundreds of communities, Scouts, their parents, and institutions sponsoring Scout units, will unite in paying their respects to the volunteer adult leaders whose contributions of time and effort in behalf of youth makes these units possible.

National Scout officials say that 48.7 per cent of all Scout units—and there are 111,000 of them—are made possible by the sponsorship of churches and synagogues of all faiths. Civic groups make possible some 19.3 per cent of Scout units in all three age levels.

Many store windows will be given over to Cub Scouts, Boy Scouts, and Explorers for displays of their handicraft and to demonstrate some of the useful skills they acquire through their programs.

In countless elementary, junior high, and high schools Boy Scout Week will be recognized in school assemblies through flag ceremonies, acts, and stunts by Cub Scouts, exhibits of handicrafts by Scouts, motion pictures of Scouting activities, demonstration of Scouting skills and talks by boys of some of their adventuresome activities.

Traditionally on February 8, the actual birthday date of the organization, Scouts and leaders recommend themselves to the Scout Oath or Promise at 8:15 p. m. in each of the four time zones. These ceremonies will take place in some instances, at Scout family birthday dinners, while some Cub Scout leaders, Boy Scout patrols and Explorer crews will meet in homes of members. Others will meet with their parents in churches and synagogues.

At these Boy Scout Week celebrations many units will review the program highlights and the successes of the first year in the Four Year Program "Onward for God and My Country" camping and other outdoor activities, and planning for participation in the Fourth National Jamboree which is expected to attract more than 80,000 Scouts, Explorers, and leaders for a week of camping together at historic Valley Forge, Pa., next July 12 to 18.

Mrs. Richard Davis and daughter, Cathy, returned Sunday from the St. Louis Hospital, Berlin, N. H.

The Methodist Sunday School teachers met Tuesday, Feb. 6, at the home of Miss Mina Stevens. There was a discussion of holding a Vacation Bible School. It was voted to contact Mr. Moore concerning a director. There will be a World Day of Prayer Service for Children on Sunday, March 10.

At the meeting of the Bethel Chamber of Commerce Tuesday evening, Rev. Herbert Houghton of Waterville gave an interesting account of the problems attending the building of the Stephens Memorial Hospital at Norway which opened on Monday of this week. The next meeting will be a combined meeting with the Lions Club Feb. 24.

MRS. ETHEL W. METCALF

Mrs. Ethel W. Metcalf, widow of J. Clinton Metcalf, died Sunday afternoon at Franklin County Memorial Hospital, Farmington, where she had been a patient for six weeks.

She was born at Bethel, Sept. 16, 1873, daughter of Seth and Mary Mason Walker. She was educated at Gould Academy, Bridgton Academy and Westbrook Seminary.

For the past 64 years she had lived at Farmington. She was a member of the Monday Club and the Unitarian Church. She was a past member of the Unitarian Church Alliance, Colonial Daughters Chapter, DAR, and Nutter Club, and was a member of the book committee of the Farmington Library Association for many years.

Surviving are a granddaughter, Mrs. Douglas G. Dickson of New York City, and a son-in-law, Carroll S. Mitchell of Augusta, husband of the late Therese Metcalf Mitchell.

Funeral services were held Tuesday afternoon at the Adams funeral home. Interment was in the family lot at Fairview Cemetery.

JOHN COMPASS

The devotion to duty and faithfulness to trust of our late friend, John Compass, has long been an inspiration to fellow workers and American Legion members. He always gave of his best.

A chef by trade, he was an excellent one. During many years of service in the kitchens of Gould Academy, he and his wife served memorable banquets, fondly remembered by older students and guests at Commencement.

After falling health forced his retirement, he kept busy with volunteer work and serving the Mundt-Allen Post. He was a dependable member in any office.

When Memorial Day comes his unfailing interest in searching out and decorating the graves of the oldest soldiers, as well as placing the gay flags on the graves of the brave young boys who gave their lives in World War II, will be missed.

Jack was a good father, ever generous with his catch. His pleasure in catching trout was matched by his habit of giving them to his neighbors.

His abounding good nature and good cheer belied the pain that was his constant companion during his last years. Not even to his nearest and dearest would he admit his frequent misery.

To the peaceful abodes of the blest.

From the blessings of heaven no more to roam;

At home in the realms of rest.

HOSPITAL AUXILIARY HOLDS MONTHLY MEETING

Bethel Auxiliary of the Rumford Community Hospital held its monthly meeting Monday, Feb. 4, at the home of Eva Perry with Annie Hastings, assisting.

Plans for the Silver Tea, Feb. 6, at the Goodhue home were discussed. Also, plans for a benefit picnic crew will meet in homes of members. Others will meet with their parents in churches and synagogues.

The Evening Extension Group will meet at the Home Economics Cottage on Tuesday, Feb. 12 at 7:30 p. m. Mrs. Wallace Saunders will lead the program on "Adequate Storage." Members are asked to bring any pictures or ideas on storage they may have.

NOTICE

To the Voters of the Town of Greenwood:
I wish to announce that I shall not be a candidate for any town office at annual March meeting.

INTERNAL REVENUE BUREAU OFFERING PHONE AID SERVICE

Many progressive businesses have in recent years stressed the ease and speed of telephone in their contacts with the public. The Internal Revenue Service this year is intensifying its adaptation of the idea to provide assistance to Federal income taxpayers with problems.

District Director Wheeler of the Augusta District said today that phone information service will be available at the Bangor, Lewiston and Portland offices Monday through Friday from 8 a. m. to 5 p. m. during the current filing season. The number to be called—for 1956 income tax help only—are Bangor, 2-4838; Lewiston, 4-6419; Portland, Spruce 2-2034. Telephone service will be available at the Augusta office, Mayfair 3-8401, between the hours 8 a. m. to 4:45 p. m. Monday through Friday.

"We began to emphasize our program of assistance by telephone during last year's filing period," Mr. Wheeler recalled. "It was a big help to taxpayers and we were very pleased at the response. We think, from our study of last year's program, that a majority of taxpayer questions can be satisfactorily answered and computations explained over the phone."

"From his table at home or his office desk, the taxpayer with a question can call us up, with his form and records before him, and get a clear and understandable answer. There is no distraction, and, at this time, there is no waiting. As the filing season approaches April, of course, we can't guarantee that one or the other of our information lines will always be open. The best advice I have is to start your return, find your problem, if any, and call us now."

Information will still be provided during scheduled taxpayer assistance periods for those who do not believe that they can obtain adequate aid over the phone, Mr. Wheeler said.

GENERAL MANAGER OF MAIR'S HILL POTATO CONCERN

Edward B. Little, 23-year-old graduate of the University of Maine, has been appointed General Manager of the WASA potato company in Mars Hill, according to an announcement by Milton Adelman, treasurer of the corporation.

Little, for the past eight years employed by Gould & Smith, Inc., Presque Isle, entered the WASA organization with an extensive background in the manufacture of potato harvesting and handling equipment.

General Manager Little is married, has two children and plans to move to Mars Hill soon to be near his new position.

Mr. Little, a native of Bethel, made his home with his grandparents, the late Mr. and Mrs. H. G. Jolley, until going to work at Presque Isle. He was graduated from Gould Academy in 1944 and the University of Maine in 1949. Since a week after his graduation he has been with Gould & Smith, Inc.

FAIR WEATHER

The past week has been without snowfall and with generally comfortable weather. Readings were around zero on Sunday, Monday and Wednesday. This Thursday and next morning it was 23 and more above in places. Expecting Sunday and Monday the days have been mostly sunny.

Mrs. Sandra Myers, Colby College, and Mrs. Mary Anne Myers, Wheaton College, are spending a few days between semesters with their parents, Mr. and Mrs. Walter Myers.

BOY SCOUTS OF AMERICA
1957

OFFICIAL BOY SCOUT WEEK POSTER

More than 4,500,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders throughout the nation will observe Boy Scout Week, February 6 to 12, marking the 47th anniversary of the Boy Scouts of America.

Since 1910, Scouting has served over 26,000,000 boys and adult leaders.

Through its Four-Year Program, "Onward for God and My Country," the organization seeks to train more boys in patriotism and character so that they will become intelligent citizens with an appreciation of the free way of life and a dedication to high spiritual ideals.

Boy Scout Week observances will feature preparation for the Fourth National Jamboree, which will find 50,000 Scouts and leaders camping where Washington camped at historic Valley Forge, Pennsylvania, next July 12 to 18. The nation's 111,000 Scout units will feature rededication ceremonies on February 8, the actual birthday of Scouting in America.

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that neatly, too—with up to 235 h.p.*

GOULD ACADEMY

Mexico 75—Gould 47

A vastly improved Mexico High team showed clever ball handling, good passing, and accurate shooting to down Gould Academy here last Tuesday by a 75 to 47 score. The Pintos went out front from the start and were never headed. Darryl Justus of the visitors was the game's outstanding scorer with 24 points.

In the preliminary game the Gould JV's played their best game of the season as Wheeler turned in 12 points to lead the way in a 23 to 26 victory.

Gould Girls Compete in Play Day at Kent's Hill

Saturday, Feb. 9, the girls' varsity and junior varsity basketball teams and the ski team will depart from the Gould campus at 7 a. m. to compete for a second time this year against the girls' athletic squads of Kent's Hill. This is the first year in many that Gould has consented in having inter-scholastic sports for girls.

Under the guidance and supervision of the girls' athletic director, Miss Alice Duffy, the plans have been arranged for a winter play day, representing the girls' winter sports, skiing and basketball. Skiing will consist of the alpine events.

"Saved us

during

the storm"

We were one of the lucky ones. We had a Homelite Emergency Power Unit. When the storm hit and our local power went out, we simply started our Homelite. All through the power failure... while thousands were suffering... that Homelite kept our heating plant going, gave us light, saved our food in the refrigerator and freezer and operated our water pump. We would have been lost without it.

Why not protect your home... or your business... from the results of power failures with a small, compact, easy-to-install Homelite Emergency Power Unit.

get more work done, more efficiently," he said, "and then too, we might be able to clear up confusion on some issues."

The State House light bill was another matter. It was "a permanent burning coal on my conscience," he said, to see the new office building lit up like a Christmas tree at night. The new structure is equipped with janitor control for its batteries of fluorescent lamps. The superintendent of buildings has complained that employees returning at night sometimes turn on all the lights on a floor and leave them.

The Council talked the matter over and decided to have Albert Thurston of Rockland, electrical contractor, test out two ideas, one providing for individual switches with hanging cords, another for wall switches. The first would cost \$7,000, the latter about \$24,000. The first month's bill after the office building was opened was \$3,100.

75-Cent Minimum Wage Proposed
Although bills providing for a state minimum wage law have been defeated in earlier legislatures, it is conceded that such a measure has a chance of enactment in 1957. Ben Hazel C. Lord (R-Portland) introduced a measure providing for a 75-cent hourly minimum wage in intrastate commerce. Sup-

porters of a state minimum pay law are hopeful in view of the fact that both Republican and Democratic platforms this year endorsed the principle.

The Chairman of the State Board of Education this week expressed the belief that the governor's balanced budget for current services would deal a crippling blow to education in Maine. Even with funds the governor recommended in his supplemental budget, depending upon new taxes the need in some areas would not be met, according to Ernest C. Marriner of Waterville.

There is a two-fold problem, the Appropriations Committee was told: To do everything possible in the face of increased enrollments, and to meet the "even more difficult problem" of supply an adequate number of teachers. Marriner said 77 per cent of the \$23,600,000 the department requested for the next fiscal year would go to the municipalities as subsidies. "I feel we are facing a definite crisis," he said.

Muskie recommended some \$22,500,000 in his balanced budget and Ben Hazel C. Lord (R-Portland) this added \$3,200,000 in the supplemental budget.

The much-discussed issue of milk price control crystallized into six bills, filed on this week's closing legislative day by Rep. Robert W. Maxwell (R-Winthrop). A member of the Legislative Research Committee, Maxwell said his proposals comprise the first move toward eventual repeal of milk price control. Repeat at this time, he said, would be unfair to business established under the control system and the committee is waiting until the industry is able to fully take care of itself.

The six bills have these objectives: Two more consumer members on the Commission; exclusion of private, non-profit institutions from minimum prices set by the Commission; mandatory price differential between milk sold in stores and that delivered to homes; price discounts for multiple sales of home delivered milk; and removal from the Commission's price-fixing jurisdiction of the farmer who produces and sells milk on his own farm.

Chebeague Island Bridge-Causeway
Cumberland officials, citizens of Yarmouth and residents of Chebeague Island in Casco Bay appeared at a Wednesday hearing before the Committee on Highways and Transportation. The committee is supporting the idea that a bridge and causeway connecting that island with the mainland would substantially increase the development potential of Greater Portland. The Regional Planning Commission for the area endorsed the plan for a toll facility, which would be financed by a \$3-million state bond issue.

Reforestation for Burned Over Areas

NEED FOR NURSING HOME CARE
"The one major need which we disregard entirely—nursing home care for the aged," has been brought to the attention of the Legislature by Maine's Health and Welfare Commissioner, Dr. Dean H. Fisher, recommended appropriation for that purpose, telling the Appropriations Committee that some 2,500 people are in nursing homes, 600 of them old age assistance beneficiaries.

A survey, he said, showed that about 25 percent of nursing home patients pay less than \$100 a month for their care. He added that adequate care is not possible at that figure.

Dr. Fisher had asked for \$1-million in the next biennium to establish a nursing home program. Governor Muskie put the item in the supplemental budget, which meant that it would be available only if new revenue is available.

Dr. Fisher told the Committee that the million, plus \$140,000 in federal funds which it would bring would make the needed nursing home service a reality.

Parents and Juvenile Vandalism
Members of the Maine Federation of Women's Clubs believe that parents will take greater interest in where their children are and what they are doing if enactment is given a bill introduced by Sen. Hazel C. Lord (R-Portland) under which parents would become jointly responsible, up to \$250, for willful and malicious damage or personal injury caused by their offspring. The Portland Senator in a hearing before the Judiciary Committee, pointed out that juvenile vandalism in the Detroit area dropped 20 percent in the first year in which parents were made financially responsible. No one appeared in opposition to the Lord measure.

SOUTH WOODSTOCK

Mrs. Olive Davis, Corres.

Mr and Mrs George Blake of North Paris were Friday afternoon callers at Mr and Mrs Edwirth Curtis, remaining for supper before returning home.

Friday afternoon the Primary Grades had a doll and mechanical toy contest followed by an impromptu program conducted by Pamela Hagar. The doll contest for the girls consisted of three prizes which were awarded to Rebecca Andrews for the prettiest large doll (a bride doll); the prettiest small doll to Pamela Hagar; the oldest doll to Linda Koskela. The toy contest prizes went to Bruce Thurlow for the biggest and best, to Craig Ryerson, for the smallest, and James Lamb for the oddest, a chuck wagon. The program consisted of songs, plays, recitations, pantomimes, etc., carried out entirely by the children in a very commendable way. The judges for the doll contest were Philip Helen, Cynthia Lamb, Patricia Thurlow; for the trucks, Philip Helen, Hazel Andrews and Esther Davis. We thank them kindly for their help. The children were very pleased to have so many of their mothers come to their program. Those attending were: Mrs John Cox and daughter, Susan; Mrs Carl Cash and son, Charles; Mrs Maurice Morgan and daughter, Wendy; Mrs Leslie Thurlow and daughter, Leslie; Mrs Sayward Lamb and son, Ronald, daughter, Natalie; Mrs Leonard Andrews, and Mrs Guyson Davis.

Several from this way were in Norway to the open house held at the hospital the past week.

GOULD ACADEMY

Mechanic Falls Takes Gould

Last Friday at the Norway Armory Gould Academy dropped its second game to the Mechanic Falls basketball team. With Red Barry scoring heavily in the first portion of the game Mechanic Falls jumped to an early commanding lead to sink the Huskies 83 to 37. Barry was high point man with 29 points. Roberts, Cotton, and Ashby also scored in double figures for the winners.

For Gould, Giddings led the scoring but with only nine points. It was the tenth setback in 12 games for an undermanned Gould team that has been having its toughest season in many years.

Gould Plays Last Two Games Away

At South Paris Friday
Friday the Gould Varsity and JV's will play return games with the South Paris teams. The Cardinals defeated Gould before the holidays and although they haven't fared so well of late they still are favored to win on the home floor. The JV game is scheduled to start at 8:30.

At Farmington Tuesday
The Huskies will wind up their 1957 season playing at Farmington on Tuesday. The first tussle at Bethel was a close one with Gould holding a lead most of the game only to be nosed out at the finish. The JV's won a one point thriller against the Greyhound underdogs, so both games should be close ones.

Gould Skiers at Farmington
The Gould Academy ski team will travel to Farmington this week end to compete in the State meet.

Gould will be trying to retain its championship won in 1956. Gould showed poorly in the Edward Little Ski Carnival and will have to improve to keep its title.

Last week end Gould downed Kennet High of Conway, N. H. Gerry Smith won undivided honors in the Gould victory.

SCHOOL NEWS

Grade 6—Miss Varner

The Polio containers were collected. We hope our small donations helped.—We had a movie entitled "Touring Central America."—We are collecting Maltex and Maypo Oats box tops to send in for premiums.—Monday to begin to multiply fractions. In Social Studies we are now studying Mexico.—Last Friday afternoon at 2:30 we were invited to Mrs. Lord's room for a "dance party." We had a very nice time and we thank them.—Reporter, Philip Coolidge.

Grade 6—Mrs. Doris Lord

You should see our Mexican Pinatas! We think they are quite good. Everyone made one. This week we gave reports on "A Trip to Mexico." We also gave one minute news reports. You wouldn't believe a minute could be so long.—Mrs. Lord and Mrs. Eypper took several Boy Scouts to Hebron Academy Sunday afternoon—where they enjoyed swimming.—Nancy Brown has new glasses. She looks very attractive in them.—We are now multiplying a mixed number by a mixed number in fraction work.—We wish to thank Mr. Smith for his Nature Magazine picture.

Grade 7—Mrs. E. Lord

We had a nice couple come talk to us about Saudi Arabia, Monday,

Jan. 28. We thought it was very nice of them to tell us about the Middle East. Their names are Mr. and Mrs. Erlenmeyer of the Aramco Oil Co.—Nancy Saunders is out with a broken collar bone. We hope she gets well soon.—We have started geometrical designs in arithmetic. We are studying Africa and we are making notebooks.—Reporter, Evelyn Mundt.

GREENWOOD CITY SCHOOL

This week the seventh and eighth grades studied the planets, sun and stars.—The fourth grade made a book on automobiles.—The third grade finished a study of North American animals and started a study of South American ones.—We have been learning the song, "Mama from the Train."—Friday morning Mr. Christie visited us.

We have some new spelling charts. They are shaped like frogs. We put a star on for every 100% we get.—The seventh and eighth grades have been putting puzzles together in their spare time.—Friday afternoon we made valentines with faces. They are made in pairs. One looks like a man and one like a woman. We call them Vickie and Verne.—The seventh and eighth grades had a difficult crossword puzzle in their Current Events. No one was able to complete it.—John Curtis, Reporter.

SAFE, PORTABLE "FURNACE" DELIVERS LOW COST HEAT

• Burns inside areas without vents. Heats workman outside.

This is actually a portable forced-air furnace. It circulates warm air inside a room or building or does "spot" heating outside. It burns no expensive kerosene or fuel oil so completely that it leaves no dangerous fumes, needs no vent, 110-115 volt current ignites the fuel and runs the blower. Safe, lightweight, effective. Costs only 12¢ per hour to run. If you need temporary heat, inside or out, here's your solution. Comes in 100,000, 140,000, and 200,000 BTU per hour capacities. Made by Master Ventilator Co., Dayton, Ohio. Ask for a free demonstration. Prices start \$119.00.
